

St John sub Castro Churchyard Hunt

There are many old and interesting gravestones in the churchyard.

Look carefully and see if you can find examples of these carved in stone: (be careful not to trip on the uneven ground).

What monument in stone would you choose to have on your grave and why?

What does IHS (or JHS) mean?

These are the first three letters of the Greek spelling of the name of Jesus. The Bible was originally written in Greek. Later it also came to represent the Latin phrase : Iesus Hominum Salvator -Jesus the saviour of all men
